

## ***MINUTES OF THE JANUARY 8, 2007 MEETING***

The meeting was called to order at 7:38 PM by President Ralph Reckling. There were no minutes from the December meeting so the reading of the minutes was waived.

The Treasurer's report was read by Joe Porterra. We have a balance of \$1822.47 in the bank.

Al Ruppertsburger read a thank you letter from the Hospital for our donation.

### **OLD BUSINESS**

There was no old business to discuss.

### **NEW BUSINESS**

The condition of the access road was brought up. The Hospital said they are looking into who is responsible for fixing it with the emphasis on the contractor who dug it up. More to follow on this in the future.

The club sign is missing. No one knows where it is so a new sign will be made. Mike Bahr with the help of Bill Mune will make the new sign.

Ralph Reckling brought up the subject of new chairs. After discussion by the members it was decided to explore the costs of 15 new chairs. It was also brought up that we need a new picnic table. This discussion was tabled till the next meeting so a new picnic table can be priced. Ralph and Al will explore this.

Start and end dates for the meetings at the field were discussed. It was decided that the meetings at the field will commence with the May meeting and end with the September meeting. The meetings at the field will start at 7:00 PM. The cost of the food served at these meetings was also discussed and it was decided that a donation jar would be placed to collect donations to help offset the costs of the food.

The raffle was discussed. It was decided that the raffle prize info would be posted to the web site for all to see.

The dissemination of the meeting minutes was discussed and it was decided that the meeting minutes would be posted to the web site for any member to read. The minutes will be in PDF format.

Mike Bahr, the SCAM web administrator reminded the membership about pictures posted to our web site. A discussion ensued about being the members being able to delete their own pictures. Mike Bahr is looking into this.

Show and tell – Hank Damansk showed us his latest creation, a KMP Spitfire. The plane has retracts and is powered by a Magnum 120 4 stroke engine. The control is by Tower radio. The airplane weighs in at about 14 pounds and required 1 ½ pounds of weight in the nose to balance it, even with the 120 and aluminum spinner. We are all looking forward to seeing this one fly.

The meeting was adjourned at 8:30 PM.
