

MINUTES OF THE March 12, 2007 MEETING

The meeting was called to order at 7:45 PM by President Ralph Reckling.

We had 8 members in attendance including the four officers.

Meeting minutes are published on the club web site.

The Treasurer's report was read by Joe Porterra.

Total membership renewal to date is 37

OLD BUSINESS

Al R. will build a new picnic table since purchasing one will be too expensive.

NEW BUSINESS

Don Overfelt suggested moving the summer meetings to the first Saturday of the month at the field, in the afternoon. This will be voted on at the April meeting and a time will be determined if it is passed. First meeting at the field will be in May.

Don Overfelt brought up idea of helicopters and airplanes to be allowed to fly at the same time. Ralph R. reminded us of the safety issues and that things happen very fast with helicopters. Attendees agreed to leave the rules as they are.

President Ralph R. commented about the low membership so far this year. With reduced income it may be necessary to make some changes in the way money is spent on things like field mowing. More on this at the April meeting.

Ralph R. mentioned that the club web URL was wrong at the AMA. This has been corrected with the AMA.

Otis M asked about gravel for the driveway. Al R. will contact the Hospital again about this.

Ralph R. will be restocking the first aid kit.

Show and Tell

Joe Portera brought two electric P-38's from GWS. He had modified one to include a rudder and more powerful motors. These looked real nice and the price is not too bad.

Don Overfelt brought a Midwest Sweet-N-Low Stick. Took him 16 years to build. It was built from plans a friend gave him from the original kit. Powered by a Saito 270 twin. Ailerons set up to double as spoilers.

Joe Moltz showed his Great Planes Skybolt ARF. It is powered by an OS 91 Surpass pumper and has a smoke system. The radio is the Spectrum 7 channel.

The raffle prize was won by Will Ford.

The meeting was adjourned at 8:40 PM.
